PETITION TO RESTART RESPONSE DATE

Office of Initial Patent Examination
Filing Receipt Corrections
P.O. Box 1450
Alexandria, VA 22313-1450

Commissioner:

The above-captioned application, along with 19 other related applications, was filed electronically on March 26, 2004.

Filing receipts for the other 19 related applications were mailed May 21 and May 24, 2004, and received May 25 and May 28, 2004. A filing receipt for this application was never received. Applicants believe that perhaps the Filing Receipt was mismailed or misdirected. On August 9, a telephone call was placed to the Office of Initial Patent Examination notifying the Office that no Filing Receipt had been received for this patent application. The customer service representative stated that a Filing Receipt existed showing a mailing date of May 24, 2004 with the correct address of Applicants' attorney, and that another Filing Receipt would be mailed. On August 16, 2004, the new Filing Receipt was received, as evidenced by the copy attached, in an

envelope dated with a stamp of August 10, 2004, copy also attached. On August 20, 2004, a call was placed to the Office of Initial Patent Examination requesting that the date to respond to the Notice of Missing Parts be restarted, as the new Filing Receipt (the only one received by Applicants' attorney) was mailed August 10, 2004. The customer representative stated that a Petition to Restart the Response Date should be submitted outlining the events that transpired and requesting a restart date.

In light of the above, Applicants request that the due date for the Response to Missing Parts in the above captioned application be restarted as of August 10, 2004. All other items on the filing receipt are accurate and should not be changed.

The Examiner is permitted to charge any fees regarding this Petition to Restart Response Date, or credit any overpayment, to deposit account No. 19-2814. A duplicate copy of this request is enclosed for your use.

If there are any questions in connection with the entry of this petition, kindly contact the undersigned attorney telephone number listed below.

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
